ABOUT OUR COLLEGE

Background & Values

- The origins of the College date back to 1903 when Hamilton Hill School first opened its doors to students.
- In December 2002 ownership of the College was transferred to New Life Christian Community, a local church in Fremantle.
- In 2014 a decision was made to expand the school to include a Secondary School and the name was changed to Fremantle Christian College.
- 2016 sees the first intake of Year 7 Secondary School students.
- Fremantle Christian College has an open enrolment policy. All enrolment applications are considered, regardless of religious affiliation.

Motto:

The College logo features a colourful and diverse 'nest'. In the center of the nest is the subtle outline of a cross, which reflects the reality that Jesus Christ is at the center of all we do. The nest also highlights the reality that the College is a place of nurture. Our goal is to prepare and equip this generation of children and teenagers for life ahead, with its many challenges, hopes and successes. The different colours, sizes and overlapping patterns in the nest capture the diversity of the College community and the importance of relationships

Mission:

The mission of the College is to provide a high standard of private education in a Christ-centred context, catering for the individual needs of all students and fostering a desire for learning and excellence. Within this framework students will be encouraged to develop:

- A love for learning and the motivation to attain their potential.
- The ability to apply knowledge and life skills as they discover their personal talents.
- Self-discipline.
- Respect for self and others.
- A personal awareness of God and the application of biblical principles.

OUR COLLEGE COMMUNITY

College Staff

All our staff are Christian men and women of character. They are selected on the basis of merit, qualifications, skills as well as an attitude of commitment and care towards our students. They are expected to be examples upon which children can confidently model themselves. Teachers see their work here as a service to the community, and not just a job. Students benefit from the strong positive relationships developed at FCC. The College provides students with all the skills and experiences they need to make informed choices in life and to be fully prepared to make a positive contribution to society.
